

What about the future of your job?

Is your organization on the verge of bankruptcy or reorganization? Are you worried about what this means for your job now and in the future? Do you want to be prepared for the impact these changes may have on your situation?

Come to our walk-in 'Work'

Every first Tuesday of the month we offer a walk-in Work, which is all about the impact of a (possible) bankruptcy or reorganization. The walk-in is held at the FNV Trade Union House Amsterdam.

You can speak with experienced labour market professionals on issues concerning; how to deal with the situation; the various types of support available; (re)training opportunities; steps towards (new) employment; the actions you can take and more.
